Pete Ricketts
Governor

Dear Card Holder:

Enclosed is your current pesticide applicator license card. Please review the information printed on the card to verify that it is correct. If the card is correct, peel the card from this letter and fold the card so all of the printed information shows on the front and back and sign the card in the white strip provided. If there are any errors in the information on the card, please notify the Nebraska Department of Agriculture (NDA) immediately at (402) 471-2351.

Be sure to carry your license with you when applying pesticides. Always present your pesticide applicator license card to your pesticide dealer when purchasing restricted-use pesticides (RUPs). Your dealer is required to verify that you hold a valid license to purchase pesticides appropriate to the type of license and category shown on your license. Your dealer will be giving extra attention to this responsibility, and your signature, for Homeland Security reasons.

For additional information regarding the NDA pesticide program, use the following web address at www.nda.nebraska.gov/pesticide.

To search the NDA list of Currently Registered Pesticides; Licensed Dealers of RUPs; or Licensed Pesticide Applicators, use the following web address at www.kellysolutions.com/ne.

If you have any questions regarding your license, please feel free to call the Nebraska Department of Agriculture at (402) 471-2351.

Sincerely,
DEPARTMENT OF AGRICULTURE

Tim Creger, Pesticide Program Manager
Animal and Plant Health Protection

Nebraska Department of Agriculture Pesticide Applicator License

The person named on this card is licensed to purchase and use restricted use pesticides. Categories apply only to commercial and noncommercial applicators.
