South Dakota Applicator RECORDKEEPING Rules:

12:56:07:01. Required applicator records. Each applicator shall keep records which must include the following 11 items for each application:

- (1) The name and address of the person for whom the pesticide was applied;
- (2) The location of the property where the pesticide was applied;
- (3) The pest to be treated;
- (4) The acreage, area, or number of plants or animals treated or other appropriate description;
- (5) The year, month, day, and time the pesticide was applied;
- (6) The person who applied the pesticide;
- (7) The trade or brand name and common name of the pesticide applied;
- (8) The company name appearing on the product label;
- (9) The weather conditions at the time of application, including the direction and estimated velocity of the wind and the temperature at the time the pesticide was applied except that this requirement does not apply to the application of bait in bait stations or pesticide applications in or immediately adjacent to structures;
- (10) The amount of the pesticide applied and its concentration in pounds or gallons per unit or percentages of active ingredient per unit;
- (11) The specific crop or designated site or commodity to which the pesticide application was made.
